

Line Mapping Visualization

OLD File (Before)

```
1.      int a = 10;  
2.      int b = 20;  
3.      int sum = a + b;  
4.  System.out.println(sum);  
5.      return sum;
```

NEW File (After)

```
1.      int a = 10;  
2.      int b = 20;  
4.      int sum = a + b;  
5.  System.out.println(total);
```
